

The Venues at Langtree is a collection of dynamic gathering spaces nestled on a charmingly historic North Carolina estate. With four sites tailored for all your wedding moments conveniently located upon a single property, The Venues is uniquely suited to host truly unforgettable celebrations.

THE MOTT HOUSE

Rooted in history and freshly updated with eclectic decor and modern improvements, The Mott House is the heart of The Venues. You'll find multiple rooms for hosting your guests along with a full kitchen, bridal suite, groom's salon, and table seating for twelve. The front porch and upper balcony are popular spots for the bridal party to gather between wedding events.

The Pavilion holds 400 guests in a climate-controlled space featuring an on-site catering kitchen, dedicated wifi, and the latest audio visual equipment.

The building's interior is adaptable to a variety of wedding styles and themes and features dramatic vaulted ceilings and wood-clad floors. The Pavilion's exterior overlooks a well manicured landscape with sweeping views of the property and a large patio space for outdoor experiences like cocktail receptions and cigar bars.

THE PAVILION

Fully remodeled for 2024

THE BOULDER ROOM

Aptly named for the colossal rock fragments that adorn its walls both inside and out, The Boulder room is a space full of character and is ideal for rehearsal dinner celebrations of up to 100 guests. Rustic but refined, this venue's bright interior opens through two french doors to a covered pergola for an integrated outdoor entertaining space.

THE BARN

Located at the property's north end, The Barn is an elegantly simple space with a charming wood-clad interior and towering trolley doors that make for a grand entrance under the festive glow of string lights. This venue is a popular space for wedding ceremonies and cocktail receptions and can be utilized as a larger rehearsal dinner space.
